Meilahti Campus Library Terkko

Library building

1998

-library moved from the hospital basement to the transparent "Box"

- New: PC-classes, e-journals, IL-education
- high use of printed journals
- importance of reading spaces

2014

-from traditional library to learning center ie. modifiable and inspiring premises to support learning

- New: -e-books, tablets
- low use of printed journals -> -weeding of printed material
- problem-based learning->importance of group work areas/rooms

-planning has started in co-operation with library, faculty, students and architects
-User studies: usage of premises, usage of serials interviews.

Terkko in figures 2013

including Dental library
