LIBER Annual Conference 2018 Knowledge Café

Putting LIBER Strategy into Action: the LIBER Steering Committees and Working Groups

On Wednesday 4 July 2018 the program of the LIBER Annual Conference will feature the Knowledge Café. This year's Knowledge Café will be focused on the [LIBER Steering Committees](#) and [Working Groups](#). The Steering Committees and Working Groups play a pivotal role in putting the LIBER Strategy 2018 - 2022 into action. This Strategy has been the topic of the Knowledge Café in the last two conferences. At the end of 2017 the [LIBER Strategy Research Libraries Powering Sustainable Knowledge in the Digital Age](#) was published. With the implementation of this strategy now underway, this year's Knowledge Café will explore the role of LIBER's Steering Committees and Working Groups. Together with the guests and representatives of the Steering Committees and Working Groups we will explore their work in the framework of the LIBER Strategy 2018-2022. You will get a clear view of the current topics they work on, the activities they undertake and the challenges they face in their work.

Do you have questions for the Steering Committees and Working Groups? Do you feel your knowledge can contribute to their work? The Knowledge Café will offer you the opportunity to actively connect with the groups, to ask your questions and deliver your input.
