From collection to connection
Create rooms with strong and manifold identities
Only good service can create loyal users.
Users expect the library to surprise them.
Create an attractive place for marginal groups and specialized interests and let people or groups contribute with their insight.
from
space for content → space as content
online → on site
information → meaning
facts → credibility
knowledge → experimentation
visitor/user → resource
neutrality → attitude
seriousness → humour
events → things that happen
knowledge and reflection

inspiration and new ideas

joy of life

self worth

nuanced perspectives

ability and productivity

belonging and connecting
