

LIBER ANNUAL MEETING OF PARTICIPANTS: LIMASSOL, 4 JULY 2024

9. INDEXING PARTICIPANT FEES 2025

As approved by the EB and MoP in 2022, Annual Fees will be adjusted for inflation on yearly basis, starting in 2023.

The fees will be indexed based on the [consumer price index](#) that is calculated month by month by the Dutch Central Bureau for Statistics (CBS), based on the inflation level in the Netherlands and looking at the index for the previous financial year (2023). The transparency in LIBER's financial model, with a distinction in tiers based on national GDP per capita, will be maintained.

2025 Annual Fees indexing

The 2025 fees will be indexed by 3.8% based on the 2023 Consumer Price Index for the Netherlands in 2023. This Dutch index was chosen because almost all LIBER costs are made in the Netherlands:

2025 Annual Fees	Index	14.3%	3,8%
CATEGORY & TIER	2023	2024	2025
Institutional A	€ 1,029	€ 1,176	€ 1,221
